SUMMARY

Senior .NET Engineer with 10+ years of experience designing and delivering scalable, cloud-native and distributed systems using C#, ASP.NET Core, .NET 6+/8/10, AWS and Azure. Strong background in microservices, clean architecture, DDD, CQRS, event-driven systems, and CI/CD automation. Experienced working with international, remote-first teams and building high-availability enterprise platforms.

CORE SKILLS

Languages & Frameworks: C#, .NET, ASP.NET Core, .NET Framework, Entity Framework

Architecture: Microservices, Distributed Systems, DDD, CQRS, Event-Driven Design

Cloud & DevOps: AWS, Azure, Docker, Kubernetes, Terraform, CI/CD

Data & Messaging: SQL Server, Redis, REST APIs

Tools: Git, Azure DevOps, Agile/Scrum

Languages: English (Fluent), Portuguese (Native)

PROFESSIONAL EXPERIENCE

Senior .NET Engineer

Sep 2024 – Present

Andiamo! Group Talent Partners

- Contractor supporting a global law firm's internal engineering organization.
- Develop and maintain enterprise-grade .NET applications (legacy and cloud-native).
- Lead on-premise to cloud migration initiatives.
- Design and implement scalable RESTful APIs for internal and external integrations.
- Work with Azure services, Kubernetes, Docker, and distributed systems.
- Integrate backend services with Next.js applications.
- Build and experiment with AI-powered application features.
- Collaborate with globally distributed teams using Agile practices.

Technical Lead .NET

Nov 2021 – Oct 2024

BMPTEC – Fintech (BaaS / CaaS)

- Led .NET engineering teams across multiple fintech product lines.
- Designed distributed, API-first architectures for banking and credit platforms.
- Conducted code reviews, mentoring, and technical coaching.
- Drove adoption of clean architecture, SOLID principles, DDD and CI/CD automation.
- Partnered with product, QA, DevOps and leadership teams.
- Improved system scalability, security, and reliability.

Senior Software Engineer .NET

Feb 2020 – Jan 2022

BMPTEC

- Developed backend services for fintech platforms using C# and .NET.
- Integrated with Brazilian instant payment systems and Open Banking APIs.
- Delivered secure, scalable financial transaction systems.

.NET Developer *FORGE Soluções em Sistemas*

Aug 2017 – Feb 2020

- Developed web and mobile applications and ERP integrations.
- Built cross-platform mobile apps using Xamarin.Forms.
- Worked with MVC, MVVM, REST APIs, SQLite and PHP.
- Deployed Linux-based applications with Apache.

PHP Developer

Sep 2016 – Aug 2017

- Developed OOP-based PHP systems and MVP projects.
- Worked with Slim, CodeIgniter, PDO, REST APIs and PDF generation.

OPEN SOURCE

.NET Foundation

Feb 2021 – Jan 2023

Individual Contributor

- Open-source contributor supporting the .NET ecosystem.

EDUCATION

Bachelor's Degree in Computer Software Engineering

Universidade Anhembi Morumbi

2022 – 2024

Technical Degree in Computing

UNISOCIESC

2013 – 2014

Precision Mechanics Technology

SENAI / Fundamas CESITA

2010 – 2012

CERTIFICATIONS

SAP Foundations Plus

Bootcamp – Cloud Computing Architect

iMasters Certified Professional – PHP Best Practices

Linux Beginners in Cloud
